

The Global Sustainable Development Report 2019 Report (GSDR)

Jean-Pascal van Ypersele

**Université catholique de Louvain, Belgium
Former IPCC Vice-Chair (2008-2015)**

Twitter: @JPvanYpersele

SDG Forum, Brussels, 24 September 2019

**Thanks to the Walloon Government (funding the Walloon Platform for IPCC)
and to my team at the Université catholique de Louvain for their support**

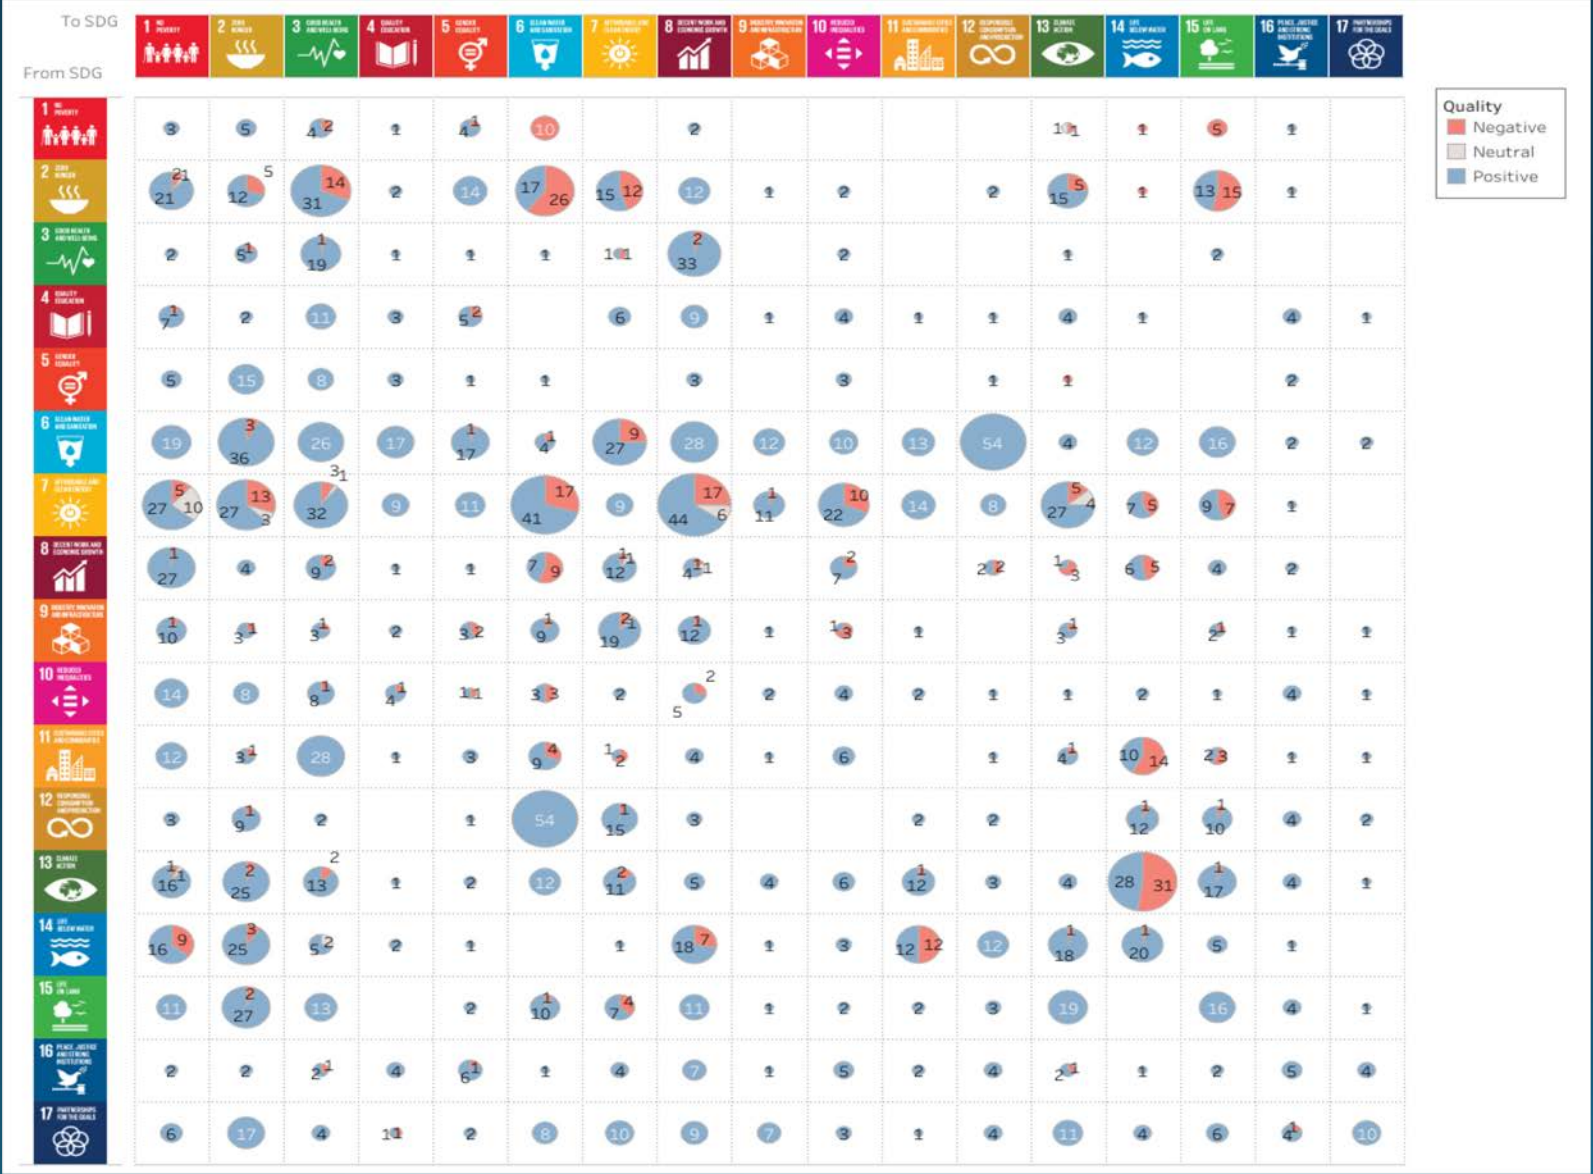

Global Sustainable Development Report

GSDR 2019

A decisive decade ahead

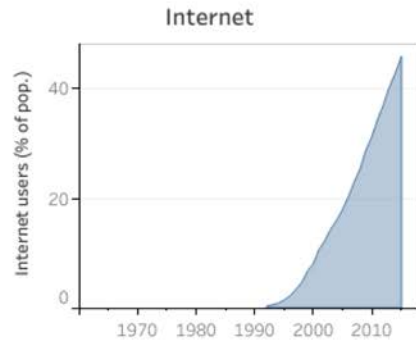

Systems thinking : more synergies but challenging trade-offs among SDGs

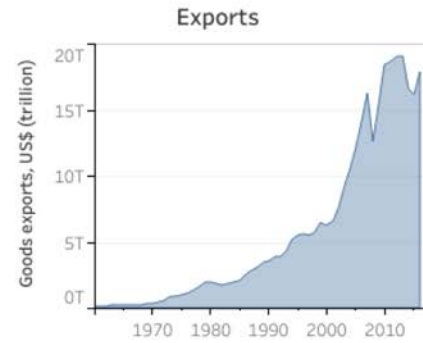

An increasingly hyper-connected world

Flows of Information

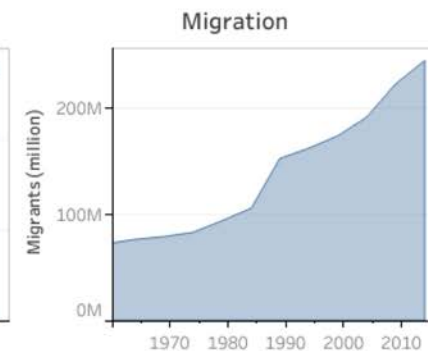

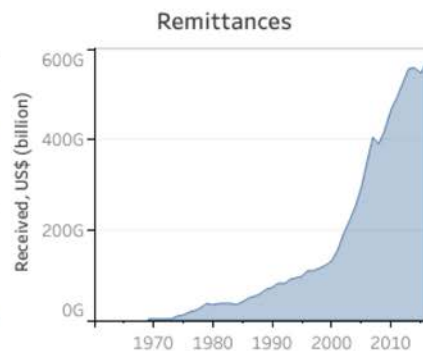

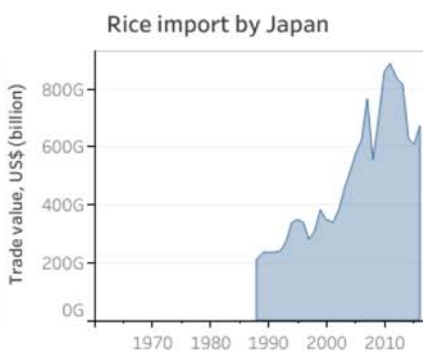

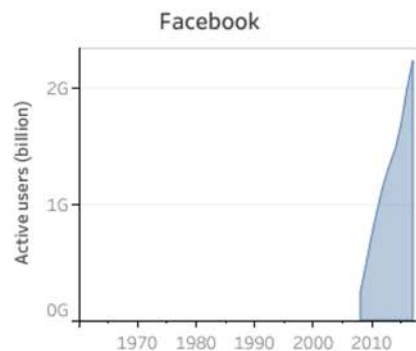

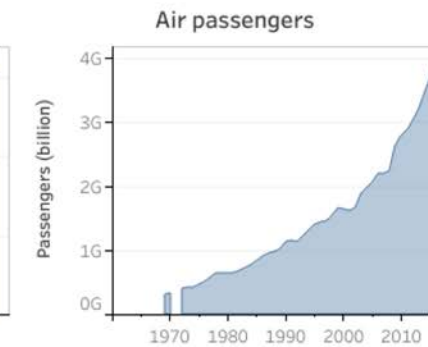

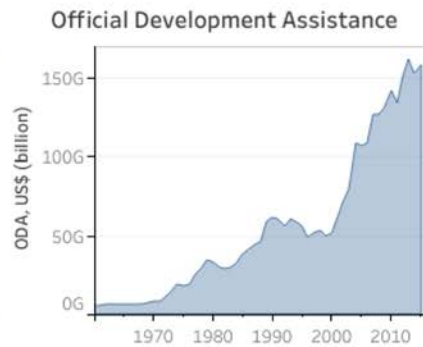

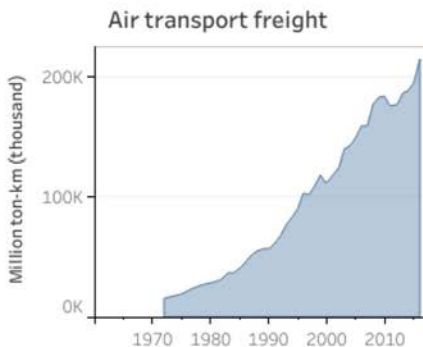

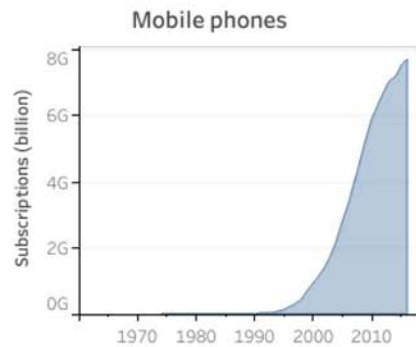

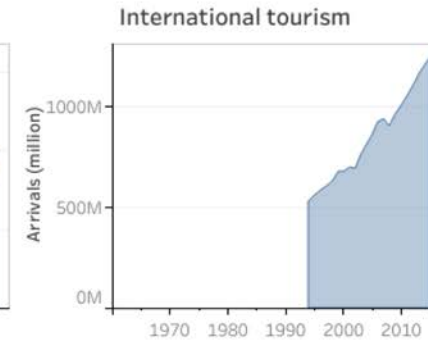

Flows of Goods

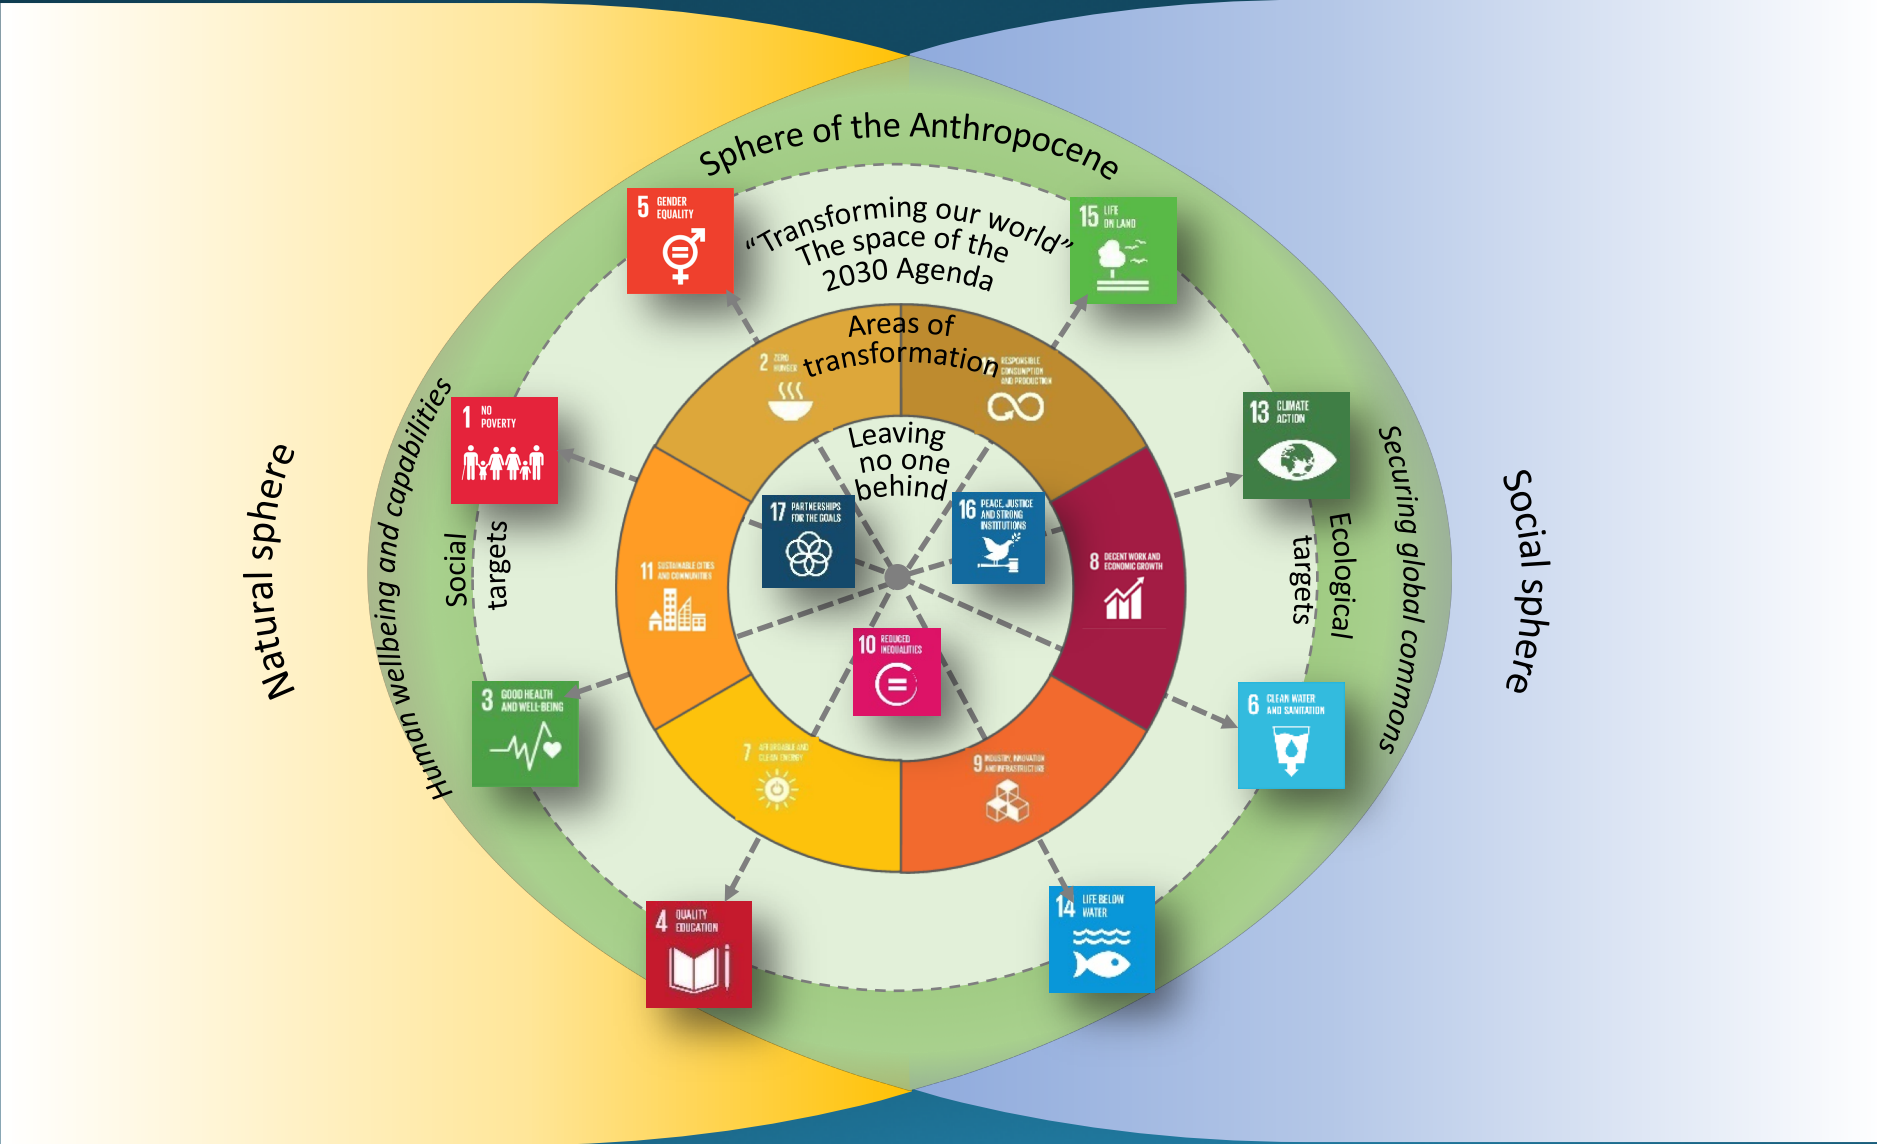

Flows of Capital

Flows of People

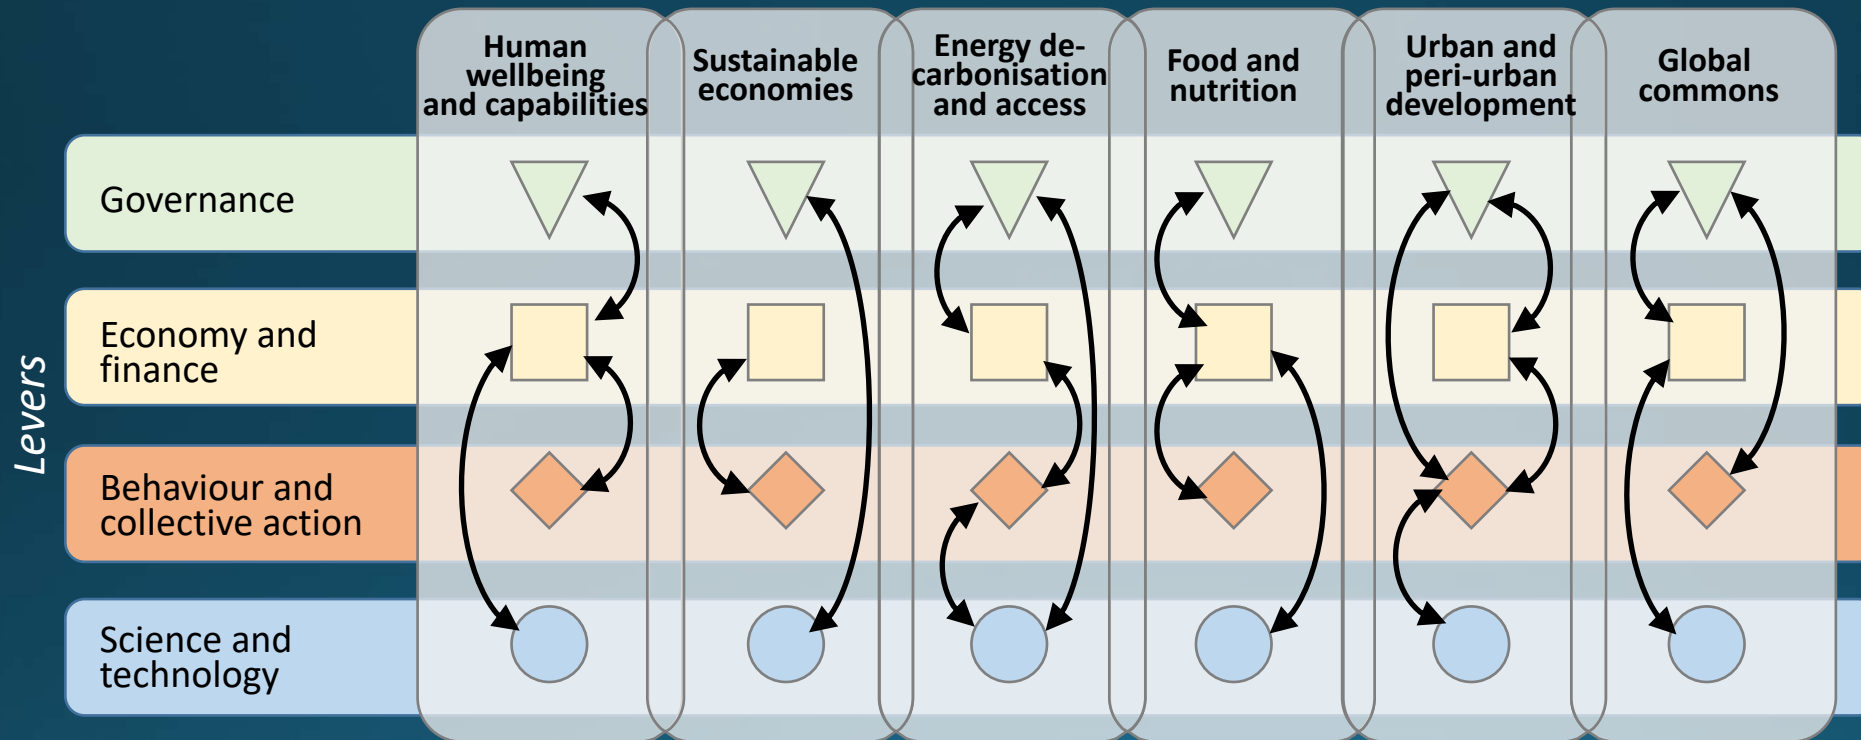

Sustainable Development in the world of the 2030 Agenda

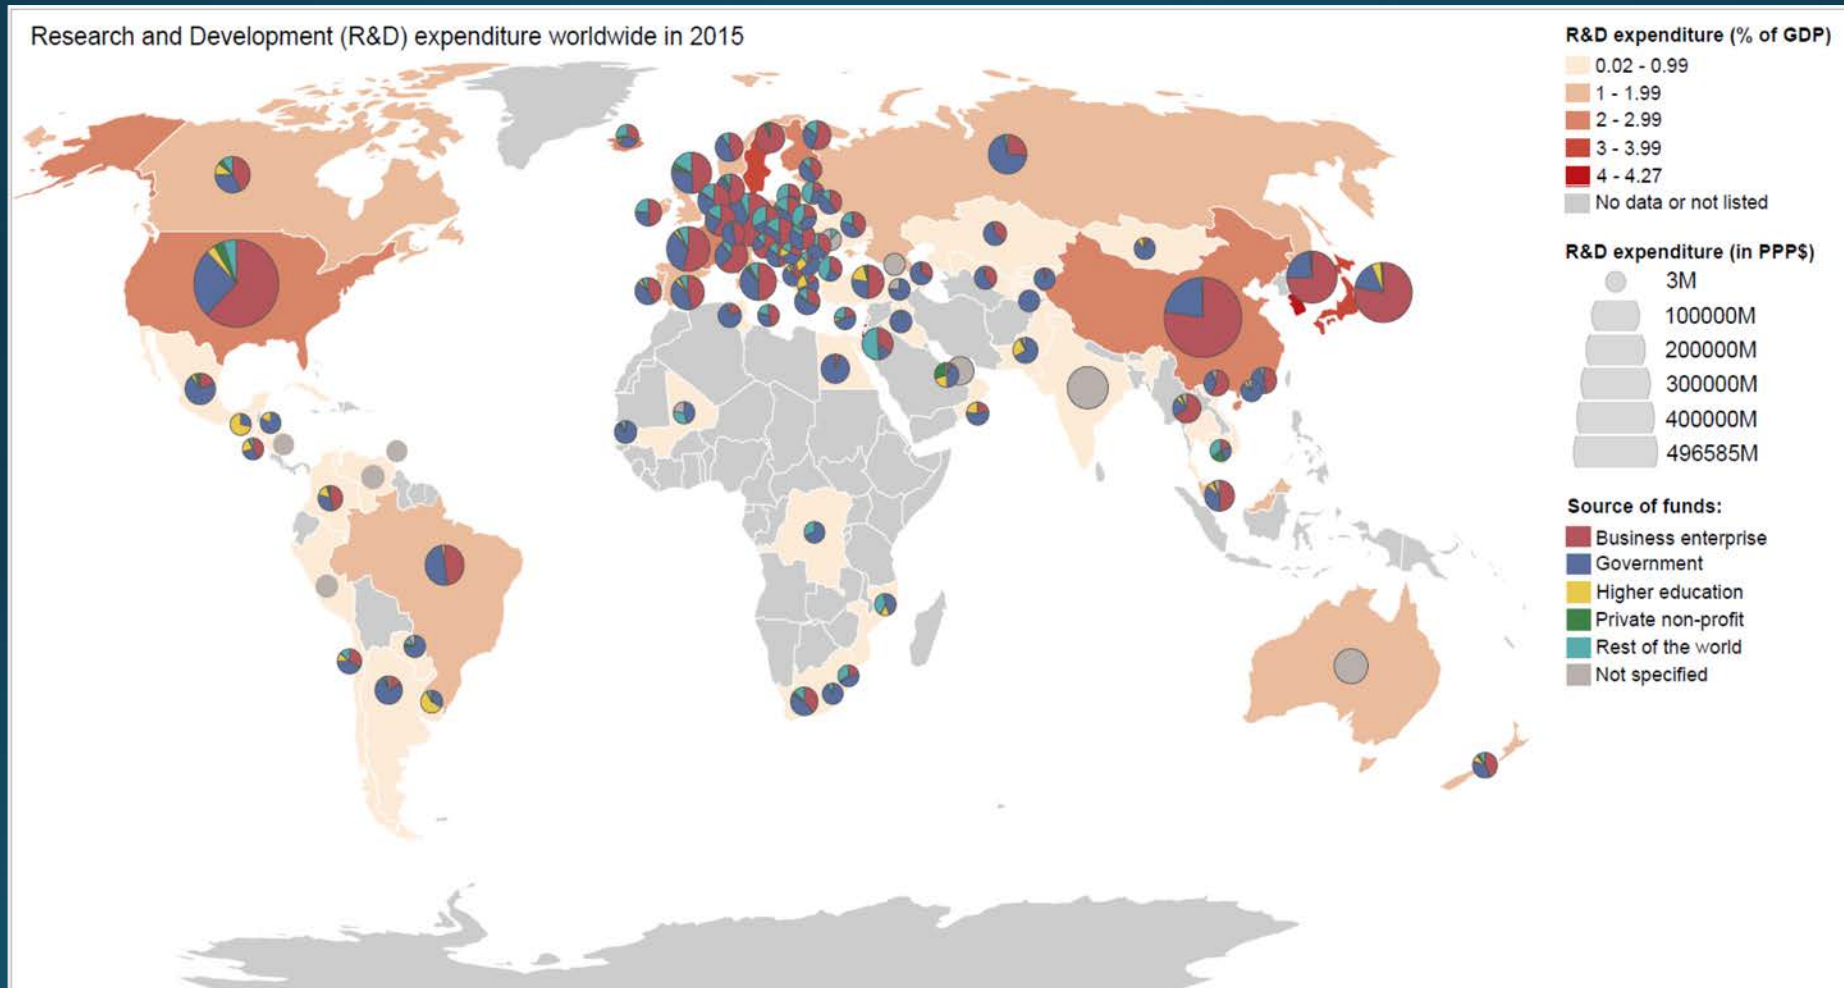

Transforming our world

Entry points for transformation

Innovative pathways to transformation represent context-specific configurations of levers to achieve transformation in each area

Science for Sustainable Development

The Global Sustainable Development Report 2019 Report (GSDR)
